INFORMED CONSENT TO TREAT

Medical doctors, chiropractic doctors, osteopaths, and physical therapists who perform manipulation are required by law to obtain your informed consent before starting treatment.

I _____, Do hereby give my consent to the performance of conservative noninvasive treatment to the joints and soft tissues. I understand that the procedures may consist of manipulations/adjustments involving movement of the joints and soft tissues. Physical therapy and exercises may also be used.

Although spinal and extremity manipulation/adjustment is considered to be one of the safest, most effective forms of therapy for musculoskeletal problems, I am aware there are possible risks and complications associated with these procedures as follows:

Soreness/Bruising: I am aware that like exercise it is common to experience muscle soreness and occasionally bruising in the first few treatments.

Dizziness: Temporary symptoms like dizziness and nausea can occur but are relatively rare.

Fractures/Joint Injury: I further understand that in isolated cases underlying physical defects, deformities or pathologies like weak bones from osteoporosis may render the patient susceptible to injury. When osteoporosis, degenerative disc, or other abnormality is detected, this office will proceed with extra caution.

Stroke: Although strokes happen with some frequency in our world, strokes from chiropractic adjustments are rare. I am aware that nerve or brain damage including stroke is reported to occur once in a million to once in ten million treatments. Once in a million is about the same chance as getting hit by lightning. Once in ten million is about the same chance as a normal dose of aspirin or Tylenol causing death.

Physical Therapy Burns: Some of the therapies used in this office generate heat and may rarely cause a burn. Despite precautions, if a burn is obtained, there will be a temporary increase in pain and possible blistering. This should be reported to the doctor. Tests have been or will be performed on me to minimize the risk of any complication from treatment and I freely assume these risks.

TREATMENT RESULTS

I also understand that there are beneficial effects associated with these treatment procedures including decreased pain, improved mobility and function, and reduced muscle spasm. However, I appreciate there is no certainty that I will achieve these benefits. I realize that the practice of medicine, including chiropractic, is not an exact science and I acknowledge that no guarantee has been made to me regarding the outcome of these procedures.

I agree to the performance of these procedures by my doctor and such other persons of the doctor's choosing.

ALTERNATIVE TREATMENTS AVAILABLE

Reasonable alternatives to these procedures have been explained to me including, rest, home applications of therapy, prescription or over-the-counter medications, exercises and possible surgery.

Medications: Medication can be used to reduce pain or inflammation. I am aware that long-term use or overuse of medication is always a cause for concern. Drugs may mask pathology, produce inadequate or short-term relief, undesirable side effects, physical or psychological dependence, and may have to be continued indefinitely. Some medications may involve serious risks.

Rest/Exercise: It has been explained to me that simple rest is not likely to reverse pathology, although it may temporarily reduce inflammation and pain. The same is true of heat or other home therapy. Prolonged bed rest contributes to weakened bones and joint stiffness. Exercises are of limited value but are not corrective of injured nerve and joint tissues.

Surgery: Surgery may be necessary for joint instability or serious disc rupture. Surgical risks may include unsuccessful outcome, complications, pain or reaction to anesthesia, and prolonged recovery.

Non-treatment: I understand the potential risks of refusing or neglecting care may include increased pain, scar/adhesion formation, restricted motion, possible nerve damage, increased inflammation, and worsening pathology.

I have read or had read to me the above explanation of chiropractic treatment. Any questions I have had regarding these procedures have been answered to my satisfaction PRIOR TO MY SIGNING THIS CONSENT FORM. I have made my decision voluntarily and freely.

To attest to my consent to these procedures, I hereby affix my signature to this authorization for treatment.

Financial/Privacy Policy and Disclaimer

Insurance Verification

Insurance verification is not a guarantee of payment. Verification is only a quote of patient's benefits. Insurance companies review charges individually and make payment according. Charges not covered by insurance are the patient's responsibility and due within 30 days of billing.

Deductible Payments

It is our policy to collect at time of service. Once we receive an "Explanation of Benefits" report from the patient's insurance company, we will bill or credit the account for the remaining balance. Reimbursement checks can be issued upon request.

Collection of Patient Balance

Co-payments and Co-insurance is the patient's responsibility and will be collected at the time of service. If the "Explanation of Benefits" report shows the patient has an outstanding balance from services not covered by the individual insurance company, patients will receive a bill outlining these outstanding charges. Upon receipt, payment is due within 30 days. After 30 day, it is the clinic's policy to turn unpaid accounts over to a collections agency.

Returned Checks

It is our policy to collect \$25.00 for checks that are returned to us. This is to cover any fees that apply from the transaction

Appointments

If unable to keep an appointment, as a courtesy to our staff and other patients please give 24-hour notice. If it is a continual problem there will be a \$25 charge added towards your account each visit that is missed. The patient will be responsible for payment.

Financial Policy Questions

We are happy to address questions regarding you account at any time. Please direct accounting questions to our office manager.

HIPPA Privacy Policy

Attached to the patient information packet at the back of these forms is the HIPPA Notice of Privacy Practices Policy for you.

By signing below, the patient acknowledges that he/she has received the HIPPA Privacy Policy and that he/she understands and will comply with our financial policies.
